DIVISION OF
OLD, GAS
AND MINING
DEPARTMENT
OF NATURAL
RESOURCES IN
AND FOR
THE STATE
OF UTAH

IN THE MATTER OF
TENTATIVE AP-
PROVAL OF THE
MINING AND
RECLAMATION PLAN
PERMIT AP-
PLICATION SUB-
MITTED BY IN-
TERSTATE BRICK
COMPANY, UTAH
COUNTY, UTAH.

NOTICE OF
TENTATIVE
APPROVAL

NO. ACT-049-005

THE STATE OF
UTAH TO ALL
OPERATORS,
TAKERS OF
PRODUCTION,

MINERAL AND
ROYALTY OWNERS,
AND PARTICULARLY
ALL PERSONS IN-
TERESTED IN SEC-
TIONS 12 AND 13,
TOWNSHIP 7 SOUTH,
RANGE 1 WEST; AND
SECTION 7, TOWN-
SHIP 7 SOUTH,
RANGE 1 EAST, SLBM,
UTAH COUNTY,
UTAH.

Notice is hereby given
that tentative approval
was given by the
Division of Oil, Gas and
Mining, on September
26, 1986 to Interstate
Brick Company to
conduct surface mining
operations in portions of
sections 12 and 13,
Township 7 South,
Range 1 West and
Section 7, Township 7
South, Range 1 East,
SLBM, Utah County,
Utah.

The name of the
proposed mining
operation is the Jim Gay
Clay Mine and the
person representing the
company is Mr. Harvey
P. Cahoon, President,
9780 South, 5200 West,
West Jordan, Utah,
84084.

Interstate Brick
Company has fulfilled
obligations under the
Utah Mined Land
Reclamation Act of 1975
(Section 40-8, UCA 1953

as amended) with
specific reference to
Section 40-8-13 and will
employ the following
mining and reclamation
techniques on ap-
proximately 50 acres of
privately owned land.
During Operations:

1) No additional
surface disturbance is
proposed as future clay
removal will occur
within presently
disturbed areas. Open
pit mining of the clay
seams will proceed
along strike. Over-
burden will be ripped by
bulldozer, backfilled
into mined-out portions
of the pit where prac-
tical, or placed on
existing dumps. The
clay will then be ripped
by bulldozer, loaded into
end-dump trucks and
transported to on-site
stockpiles.

Following Operations:

1) All disturbed areas,
including roads and
pads, which were
constructed, upgraded
or used for on-site
operations will be
reclaimed upon final
termination of mining
activities.

2) Overburden
material will be
stabilized and graded to
a rounded configuration
with slopes not ex-
ceeding 2:1 (H:V). All
high walls not
specifically exempted
by the Division will be
rounded and graded to a
1:1 slope or less.

3) As top soil was not
stockpiled prior to the
initial surface distur-
bance at this site,
subsoil materials will
serve as substitute
topsoil medium for
 revegetation. Ap-
propriate amendments
will be utilized to sup-
plement the subsoil
upon final reclamation.

4) Standard
agronomic practices
will be used to prepare
the seedbed for drill
and-or broadcast
seeding. Disturbed
areas will be reclaimed
with native vegetative
species.

5) All equipment and
extraneous debris will
be removed from the
minesite.

Any person or agency
aggrieved by this
tentative decision is
hereby requested to
submit written protest
within thirty (30) days
of the date of
publication to the
Division of Oil, Gas and
Mining, 355 W. North
Temple, 3 Triad Center,
Suite 350, Salt Lake
City, Utah 84180-1203,
setting forth factual
reasons for his or her
complaint, and
thereafter, at a time and
place to be established,
appear before the Board
of Oil, Gas and Mining
to show cause, if any,
why this mine plan
should not be approved.

DATED this 26th day
of September 1986.

I, Kathleen G. Evans, being first duly sworn,

depose and say that I am the Editor and Manager of the Springville Herald,

a newspaper of general circulation, published each week at Springville, Utah,

County of Utah; that the notice attached hereto, and which is a copy

was published in said newspaper for 1 time consecutive

issues, the first publication having been made on the 1 day

of October, 1986, and the last on the 1 day

of October, 1986; that said notice was published in the

regular and entire issue of every number of the paper during the period
and times of publication, and the same was published in the newspaper pro-
per and not in the supplement.

Subscribed and sworn to before me this 15th day of

October, A. D., 1986

Glenda Osborn
Notary Public.
